### **Personal belongings by choice:**

- Books and reading materials
- Diary
- Water bottle
- Musical instrument
- Swimming cap
- Swimming goggles

**NB!** Please, have in mind that **LuckyKids** Language Summer Camp provides laundry service once a week - hence the children need to have at least one extra set of clothing, additional to the weekly minimum set. Please, put labels with child's names or label them with permanent marker. This will help us identify clothing should they get lost.

**Electronic Devices Policy:**

Lucky Kids does not recommend children to bring any expensive electronic devices such as electronic games, PC, booklets /iPads, Galaxy tabs etc. and mp3/CD devices. The camp does not take responsibility for broken or lost devices. All children do so at their own risk.

**Useful Tips:**

It is a good idea that children are involved in the packing of their luggage as this helps develop independence and maturity.

Providing and preparing this list can be useful for future family trips.

Your child is most likely excited about this camp, especially if this English summer school will be their first trip without you. Use this moment to encourage their striving for independence and for taking responsibility.

Make him or her feel proud of having your trust and he or she will make sure to justify it both with his or her behavior at the camp and with success in the English courses.
